Completion of 6 years of OBHIZATRIK School

By the grace of Almighty, we have successfully completed 6 years of our journey. Till date, we have established 3 schools which provide free quality education to 395 underprivileged children. We are forever grateful for your endless support and effort. **Keep us all in your prayer.**

Inaugration of OBHIZATRIK School, Latarchar Branch

OBHIZATRIK Foundation in collaboration with IDLC has facilitated the establishment of the first primary school in Latarchar - a remote river-island village of Patuakhali. On 20th February 2019, the school was officially inaugurated amidst much festivities and gaiety of the char residents, where the students also received brand new school supplies and stationaries.

Latarchar was the prime site for our next branch because of its lack of Education system and zero literacy rate. The area lacks proper infrastructure such as electricity, transportation etc. The only means of reaching the area are the waterways surrounding the char. Hence this area was selected and the initiative was taken to establish the school with 90 students.
