

SHOKKHOM

A PROJECT BY

OBHIZATRIK Foundation

SHOKKHOM

A Sustainable Livelihood Project

The contents of this book is solely intended for the
donors of the projects

What is SHOKKHOM?

Shokhom: a Bengali word which means being efficient in a particular field. In Islamic community, Muslims are obliged to pay annually under Islamic law on certain kinds of property and use it for charitable and religious purposes. But in Bangladesh, using Zakat's money, people tend to purchase clothing and distribute those to the poor. This results in a momentary happiness in the destitute family, but doesn't bring much improvement in their lifestyles. To make appropriate use of Zakat money, we initiated to create a Sustainable Livelihood project titled "Shokhom".

This was first implemented in 2016 at a small scale involving only two families to see its results. Considering its positive outcome, we held it at a larger scale in 2017, helping 60 destitute families. This project involves raising Zakat money and using it to create an income generating source for the destitute families. We give the breadwinner of the destitute families, a chance to become entrepreneur and thus improve their own living standards. Once the families are introduced with their project, we monitor them year round in order to confirm whether the projects are being properly handled or not. A report is made after every 3 months and submitted to the donors. Local volunteers monitor the project beneficiary on a regular basis. Every month project officer from the main branch pay a visit to the project beneficiary to get updates. The projects are being implemented in: Dhaka, Kustia, Barisal, Patuakhali, Khagrachari, Rangpur, Gazipur and Burimara. This is because; Obhizatrik's volunteer support is the strongest in these areas. Considering Shokhom is an initiative which is based primarily on monitoring, we have particularly chosen these areas in Bangladesh. The sole motto of this project is "To help the families to such an extent that they won't be needing help next year rather they will be capable of providing Zakat for other poorer families".
